The other he gives me, and is of silver; and a curious curiosity it is to discover objects in a dark room with."

BIS-MAC
FOR ACID STOMACH

BIS-MAC
For Sour Stomach

BIS-MAC
For Upset Stomach

Here at last is a guaranteed remedy for all those symptoms that so surely arise from acidity of the stomach. Physicians agree that in nine cases out of ten stomach disorders, indigestion, gas, etc., are caused by the development of too much hydrochloric acid in the stomach, which irritates and burns the delicate stomach lining, causing indigestion. Instead of seeking relief from peppermint pills or artificial stimulants, which merely force the acid food mass from the stomach to the intestines, try a small box of BIS-MAC tablets to neutralize the stomach and neutralize the excess acid. Then your stomach will digest its food naturally and there will be no sourness, gas or pain. BIS-MAC gives prompt relief and is a perfectly safe remedy to use, being a combination of Bismuth and Magnesia with other standard neutralizing ingredients. One box will prove its value in practically any case. Your money back if it fails to give relief.

Sold by druggists everywhere. Stomach sufferers should certainly give this great remedy a trial.

THEATRICAL STRIKE SPREADS TO CHICAGO

IN FIFTEEN DAYS GAINS 15 POUNDS

Thompson Couldn't Walk Without Help—Tanlac Builds Him Up.

"I commenced taking Tanlac just 15 days ago, and have gained exactly 15 pounds so far, which gives me an actual weight of one pound a day," said Peter Thompson, who for the past six years has been connected with the Kansas City park board, and lives at 409 Chestnut street, Kansas City, Mo., a few days ago.

"When I began taking Tanlac," he continued, "I was so weak and run down that I couldn't walk a step unless I had somebody to lean on, but I can get out and cover a good many blocks now, and am getting ready to go back to work. Sometimes I had a bad spell of typhoid pneumonia, and it was very near finishing me up. I pulled through, however, but I had never been able to regain any strength, and my appetite was so poor that I couldn't eat enough to keep me alive hardly. My head ached all the time and I would often have dizzy spells. I also suffered from nervousness and never got a good night's sleep. My stomach was in mighty bad condition, too, and everything I ate disagreed with me and I would have the worst sort of attacks of indigestion. I was certainly in bad shape and I had begun to think that I would never find a medicine that would get me started up hill again."

"I had been reading the different statements about Tanlac, and one day I saw where a lady whom I knew very well had been greatly helped by taking Tanlac, so I made up my mind to try it then and there to give it a trial myself. I commenced to get better right away, and it is just simply remarkable the way I have gained in weight and strength. Why, I can go anywhere I want to now, and I can just feel myself getting stronger every day. My appetite has come back and I eat hearty meals every day, and what I eat agrees with me all right. I never have indigestion or any other trouble any more, and my nerves are so steady that I sleep like a log every night. The headaches have left me, too, and so have those dizzy spells, and in fact I just feel all the time. Tanlac has just simply fixed me up all right, and that is why I talk so much about it and am always recommending it to other people."

Tanlac is sold in Memphis by Warner Drug Co. and Weiss Pharmacy, and all the leading druggists in practically every city, town and village in America.

OLD PLANTATION NEGRO IS KILLED NEAR YAZOO

YAZOO CITY, Miss., Aug. 12. (Sp.)—Humphreys county authorities have just received details of the murder of an aged negro plantation man, who for 40 years had been an employee of the Goshen plantation, this side of the Gulf of Mexico, and have arrested Rennie Smith, a returned negro soldier, and Sophia Bass, a negro woman, who are charged with the murder. The dead man was Uncle Billie Jones, well known in the neighborhood of the Goshen plantation.

It is said that Sophia Bass decoyed Jones to her home for the purpose of the murder, and that at about 3 o'clock last Thursday morning Smith, who was the house and lived on Jones with a revolver, the bullet plowing through his head, Jones died. The body of the dead man was found in a room in the house and Smith hastily tore two pages from a magazine lying on a table in the room and crammed the paper into the wound to stop the bleeding. He then picked up the body and carried it to Jones' own door, dropping it at the foot of his back steps.

Deputy Sheriff Sam Winn and John Purvis, of Belzoni, were notified and visited Uncle Billie's home, finding the paper in the wound. At the home of the dead woman they found the magazine on the table from which the pages had been torn, and they accused the woman of knowing who had committed the murder. She confessed, telling of the part Smith played in the tragedy.

MOONSHINERS MURDER DEPUTY AS HE SLEEPS

CHARLESTON, W. Va., Aug. 12.—Deputy Will Parley, of the state prohibition department, was shot and killed by three moonshiners as he lay in bed at his home on Dar's creek, near Charleston, to reports received here by W. S. Hallahan, state prohibition commissioner.

The shooting followed a raid by Parley and Deputy Johnson on Hoover creek. The officers seized a still, dismantled it and took it to Parley's home. According to reports received here, the moonshiners, three in number, later went to the Parley home, broke in and opened fire as Parley lay asleep in his bed. John Johnson, who was in another room fired at the assailants, but they escaped.

A posse was organized and started in pursuit of the moonshiners who are believed to have fled toward the Kentucky border.

"Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lazy, sluggish, bilious or constipated, listen to me!

Calomel is mercury or quicksilver with sour bile, crassness into it, breaking down the system, making you feel sick, nauseous and cramping.
